Roxana Giba - Full Stack Developer

Barcelona, Spain

rox.giba@gmail.com / +34 722 546 149

Passionate Junior Full Stack Developer with hands-on expertise on diverse projects both Back-End and Front-End. Fueled by a natural curiosity about tech and its potential to improve lives, I am always seeking to improve myself. Interested in a role in a company promoting best practices and with space for growth.

SKILLS

JavaScript	*Node.js and Express*	Continuous Learning
TypeScript	*MySQL*	Genuine Curiosity
HTML	*Agile Methodologies*	Git and Version Control
CSS and Tailwind CSS	Analytical Decision-Making	
React.js	Attention to Details	

WORK HISTORY

Freelance Developer - 2023 - PRESENT, Barcelona, SPAIN

- **Full Stack Development**. Infrastructure and components scoping the entire stack from UI to the server and the DB.
  Designing and building responsive web applications aligned with customers' services and fast fast-paced work environment.
- **Test Driven Development**. Writing quality tests and planning to minimize errors and maximize code efficiency.
- **Agile Methodologies**. Organized and coordinated work with SCRUM-oriented sprints.
- **Debugging and problem solving**. Analyzing error logs, conducting root cause analysis, and implementing effective solutions to ensure optimal functionality and performance across the entire development stack.

Project: **Full Stack E-Commerce Website with Next.js and MongoDB -** *Visit* 🔗

Challenges and Learning Opportunities:

I decided to build this full-stack e-commerce website because I was genuinely interested in advancing my knowledge of web development.
The project presented an opportunity to explore **Next.js, Next-Auth, Prisma, MongoDB,** and **Google login**, providing a practical application to enhance my skills.
The challenges served as a great opportunity to deepen my understanding of **authentication mechanisms** and **database architecture.**

Technologies Used: **Next.js + NextAuth.js + Prisma + MongoDB + Google Login**

You can find the code for this project at https://github.com/roxgiba/nextjs-ecommerce.

Project: **Coach Portfolio Website -** *Visit* ↗

Challenges and Learning Opportunities:

I took on the development of a coaching portfolio website to help a client showcase their work and streamline appointment bookings. This project allowed me to focus on **responsive design, mobile optimisation,** and **integration of external services** like Calendly. The challenges included achieving client satisfaction through **responsive design** and **ensuring compatibility across various browsers**. Integrating Calendly into the **booking system** provided valuable insights into third-party API integration.

Technologies Used: **React.js + React-Router + Next.js + Tailwind CSS + Calendly**

You can find the code for this project at *https://github.com/roxgiba/valeria-coaching*.

ADM Value / Customer Care Specialist - 2019 - PRESENT, Barcelona, SPAIN

- ***Effective Communication***. Achieved outstanding customer satisfaction through friendly interactions, empathy, and extensive product knowledge.
- ***Problem Solving***. Demonstrated strong problem-solving skills in addressing diverse challenges to enhance overall customer experience.
- ***Adaptability***. Successfully navigated and resolved various issues by quickly adapting to evolving situations, ensuring seamless customer service delivery.

Bistro La Société / Head Waitress and Manager - 2014 - 2019, Montreal, CANADA

- ***Team Leadership***. Directed and motivated a diverse team, fostering a collaborative and productive work environment. Implemented training programs to enhance staff skills and efficiency.
